## Summer Learning Opportunities

---

**Although there are no Custom Courses scheduled through August, Learning doesn't have to take a vacation!**

Thinking of taking continuing education, online, or college courses this summer?

Tuition Assistance funds can be applied for educational and career building classes, including online, provided by accredited institutions. Reimbursable costs include tuition, books, and course related fees up to \$1800/year for active Steelworkers. Contact the ICD to have your course approved and submit your receipt.

*Fall registrations* for on-going college students should also be submitted to the ICD at this time.

**Did you know** there are more great learning opportunities through the [ICD National Educational Partners](#)? Links to accredited programs such as Live & Online, ITU, and Rosetta Stone can be accessed through this ICD national website.

As part of Learning Opportunities Week, two webinars will be held for anyone to participate:

- June 11 11:00 AM EDT "S.C.O.R.E.: Navigating a Project from Start to Finish" (DeVry)
- June 13 2:00 PM EDT "Let Language Take You Places" (Rosetta Stone)

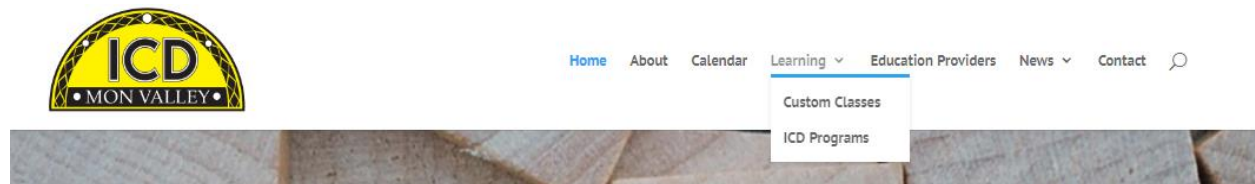

Register at the national [ICD website](#) and add to your online calendar for a reminder!

---

## Mon Valley ICD Continuing Programs

---

The Mon Valley ICD website is now better than ever with pages devoted to news and information, and it's easy to navigate.

Under the [Learning](#) tab, you'll find the ICD Programs; ongoing opportunities for our active members, including CDL and Fitness Training.

The most up to date information is always posted on the website, your 24/7 resource for all things ICD!

---

The Mon Valley ICD will be **closed June 4-8** while the Coordinator attends the National ICD Conference in Philadelphia, PA

---

**Learning. Your Benefit for Life!**
