

November 2018

E-News from the Mon Valley ICD

There's a change in the air. The temperature has changed from that hot summer weather to the brisk colder winter weather that all Pittsburghers have grown accustomed to (maybe not everyone!) And the holidays are fast approaching.

There is also a change with your Mon Valley ICD. I am **Donna Permigiani**, the new ICD Coordinator. Nancy, the former program manager took a new position in July, and I started on October 1. I am very excited to be a part of the ICD. I am no stranger to the Mon Valley or the USW. I have lived in the Mon Valley my entire life, and my father is a retired Steelworker.

My background is in Human Resources Administration, with a focus on training and new employee orientation. I believe in education, and encourage everyone to learn something new---whether it's in the kitchen or the classroom.

The Steelworkers have a great benefit in the ICD; and the ICD has been serving the great Steelworkers for over 25 years. In the short time I've been here, I have found that the courses offered are varied, interesting and educational. I hope to continue that trend.

I have also met great people! And I know that trend will continue. I am in the ICD office Monday through Friday, from 7:30 to 3:30. Stop in to say hello.

I am excited about my new role, and know there are good things to come!

---

**Do you have an idea for a custom class?** ICD policy requires that a minimum of 5 active USW employees are registered for a class to run. Many classes are employee ideas. We are also seeking talented instructors who can bring their skills to our USW members. Please contact the ICD coordinator with class ideas or instructor referrals.

ICD Thanksgiving Closing: November 21 – November 23
