Mon Valley ICD E-Newsletter – January 2019

Happy New Year!

Coming Soon! Spring 2019 Class Schedule

Look for the Spring schedule of classes on the ICD web site in mid-January. Registration will open on January 14.

The Spring 2019 catalog will arrive in your mailbox by the end of the month.

Tuition Assistance Increase!

Tuition assistance increases to \$2,500.00 per year in 2019.

The holidays are over and it's time to start a new year, and a new class schedule. You will see some old favorites and some new offerings.

For many of our members, 2019 means the start of a new school semester; whether you are continuing your studies or starting classes for the first time. The ICD offers tuition assistance, up to \$2,500 a year. You may apply tuition assistance to credit and non-credit courses provided by accredited institutions or organizations. Tuition may also be applied to online courses.

For those who are pursuing a degree, you may combine tuition assistance with your \$2,000 custom course allotment, giving you \$4,500 in tuition assistance. Contact Donna Permigiani for more information.

Reminder - The ICD Policy requires that a minimum of 5 active USW employees are registered for a class to run. Retirees and spouses may enroll, as space allows.

Coming Soon!
